

Joseph Martella  
Professor Neville  
CS 251 – Project 5 README  
April 13, 2011

Compilation:

- `javac -classpath .:algs4.jar SAP.java`
- `javac -classpath .:algs4.jar WordNet.java`

Execution:

- `java -classpath .:algs4.jar SAP "digraph_construction_file" "digraph_input_file"`
  - `ex. java -classpath .:algs4.jar SAP digraph1.txt digraph1.input`
- `java -classpath .:algs4.jar WordNet "synset_file" "hypernym_file" "wordnet_input_file"`
  - `ex. java -classpath .:algs4.jar Wordnet synsets.txt hypernyms.txt wordnet.input`

**- I included the StdOut.java and In.java files because I couldn't figure out how to add two \*.jar files to the classpath.**
